Royal Gorge Future

Dear Friends of Royal Gorge,

As the new owners of Royal Gorge Cross Country Ski Resort, we recently spent many hours listening to local residents regarding potential future development on portions of the more than 3,000 acres of land that we purchased.

We have organized the comments we received into the "Public Input Report". To conserve resources, we will be printing just a few Reports and encouraging people to read it online. We'll be making every effort to provide the Report to key public officials as well.

You can read the Public Input Report by going to www.royalgorgefuture.com Click on Public Input Report. If you'd like to request a printed copy of the Report, please call Royal Gorge toll free at 1-800-500-3871.

We would like to thank everyone who met with us and shared your thoughts and concerns.

This Report is just the beginning. In the near future, we hope to begin circulating conceptual development plans. We'll be coming back to individuals and groups to obtain your input—this time on more specific proposals. We look forward to hearing from you.
